Tenth Annual International Symposium on Congenital Heart Disease

Special Focus:
Rare and Challenging Lesions
February 6–9, 2010
Renaissance Vinoy
Resort & Golf Club,
St. Petersburg, Florida

Early Registration Due December 11 – Save $100

Renaissance Vinoy Resort & Golf Club
Make Reservations at www.allkids.org/conferences or call 1 888–303–4430
Hotel Reservation Deadline: January 4, 2010

Daily
On Exhibition at Symposium:
Pathologic Heart Specimen Demonstrations

Saturday Evening
Title to Come
Exhibitor’s Wine & Cheese
Welcome Reception

Monday Evening
George R. Daicoff
Dinner
Presentation:
Lessons Learned from the Andes
Roberto Canessa, MD

Register at www.allkids.org/conferences by December 11, 2009 and save $100!
Saturday February 7 • 6:30 a.m. – 5:15 p.m.

1. **Adult Morbidity and Mortality:** Echocardiographic and Surgical Correlation of Rare Lesions
   - Role of the Cardiac Morphologist in Understanding Rare Lesions
   - Echocardiography of the Normal Heart and Congenital Anomaly
   - Echocardiography of Pulmonary Arteries with Intact Ventricular Septum (IVS) with Conoary
   - Echocardiography of Aneurysmal Left Main Coronary Artery from Pulmonary Artery (MALMCA)
   - Echocardiography of Anomalous Origin of Coronary Artery (AOAC)

   **Friday, February 6:30 a.m. – 5:15 p.m.**

   2. **Programmatic Perspective**
   - Financial and Business Implications
   - Role of Leadership

   **Monday, February 8 • 6:30 a.m. – 5:15 p.m.**

   3. **Nursing**
   - Fetal Echocardiography of Rare Lesions (HLHS) with Conjunctival Veins
   - Echocardiography of Pulmonary Atresia with Intact Ventricular Septum (PAIVS with Coronary Fistulas/Sinusoids and HLHS with Coronary Anomalies)

   **AGENDA**

   **SYMPOSIUM OBJECTIVES**

   1. All Children’s Hospital New Facility Tour - Be among the first to tour our new hospital, including the ORU.
   2. Sonography Workshop: Aortic Arch Embryology, Pathology, and Anomalies
   3. Echocardiography of Aneurysmal Left Main Left Ventricular Tapered and Tracheal Stenosis
   4. Echocardiography of AP Window, Aortico-Left Ventricular Tunnel, and Sinus of Valsalva Aneurysm
   5. Cardiac Nursing and Critical Care Presentations & Pathologic Morphophysiology and Echocardiographic Aspect of Diagnosis and Catheterization

   **SYMPOSIUMS**

   1. **Cardiac Surgery**
   - Solve the Surgeon's Dilemma of Early Age vs. Late Age Surgery
   - Correlations for Early vs. Late Stage of Operation
   - Surgery for PAIVS with Coronary Fistulas/Sinusoids and HLHS with Coronary Anomalies
   - Assess the advantages and disadvantages of conventional surgical treatment versus transcatheter intervention for the child with pulmonary artery stenosis

   **Workshops**

   - 2.15 - 5.15 p.m.
     - ANP Symposium: Anesthesia for a Maximum of 2.5 AAMA PRA Category 1 Credit Hours
     - ACCREDITATION CONSULTANT
     - CMF: Health is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Health designates this educational activity for a maximum of 23.5 AMA PRA Category 1 Credits™. Physicians should claim credit according to the criteria of their respective state medical society, the activity. Program ID#2101770.

   **Workshops**

   - Sunday, February 7 • 12:00 a.m. – 5:15 p.m.
     - ANP Symposium: Anesthesia for a Maximum of 2.5 AAMA PRA Category 1 Credit Hours
     - Exploring Coronary Artery Fistulas or Sinusoids
     - Sonography Workshop: Aortic Arch Embryology, Pathology, and Anomalies
     - Clinical Practice: Valve Replacement
     - Role of the Cardiac Morphologist in Understanding Rare Lesions
     - Echocardiography of Pulmonary Arteries with Intact Ventricular Septum (IVS) with Conoary
     - Echocardiography of Aneurysmal Left Main Coronary Artery from Pulmonary Artery (MALMCA)
     - Echocardiography of Anomalous Origin of Coronary Artery (AOAC)

   **Friday, February 6:30 a.m. – 5:15 p.m.**

   2. **Programmatic Perspective**
   - Financial and Business Implications
   - Role of Leadership

   **Monday, February 8 • 6:30 a.m. – 5:15 p.m.**

   3. **Nursing**
   - Fetal Echocardiography of Rare Lesions (HLHS) with Conjunctival Veins
   - Echocardiography of Pulmonary Atresia with Intact Ventricular Septum (PAIVS with Coronary Fistulas/Sinusoids and HLHS with Coronary Anomalies)
